

DMYTRO TELEHA

Junior Full Stack Developer | Junior Frontend Developer | Junior QA Engineer

Warsaw, Poland

+48 781 316 993 | telehadmytro@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SUMMARY

Junior Full Stack Developer with knowledge of JavaScript, React, Node.js and modern web technologies. Completed Full Stack Web Development and QA Manual Testing courses, built educational and personal web projects, and contributed to the AI-assisted ROVA application through business requirements analysis, feature testing and user experience improvements. Looking for an opportunity to grow as a software developer in a collaborative team.

TECHNICAL SKILLS

Frontend

HTML5, CSS3, JavaScript (ES6+), React.js, Redux.js, Bootstrap 5, GSAP, Responsive Design

Backend / Data

Node.js, MongoDB, Supabase, API Integration

Tools

GitHub, Postman, Figma, Jira, VS Code

QA

Functional Testing, Regression Testing, Test Cases, Test Plans, Checklists, Bug Reporting, Requirements Analysis

SELECTED PROJECT

ROVA - Restorer Assistant | *AI-Assisted Web Application*

2026

Live: telehadima.github.io/ROVA/ | Repository: github.com/TelehaDima/ROVA

- Translated a provided business idea into structured requirements, workflows, screen logic, and iterative prompts for AI-assisted implementation.
- Tested application behaviour, calculations, document generation, and user flows; refined prompts and functionality based on observed issues.
- Worked with a project stack that includes React, TypeScript, Vite, Tailwind CSS, Supabase, Google Gemini API, IndexedDB, and PDF/DOCX export libraries. These are project technologies, not claimed as independently mastered skills.
- Supported usability improvements and validation of business logic for restoration cost estimation and workflow management.

DEVELOPMENT & QA EXPERIENCE

Full Stack Developer Program | CanSheCode Feb 2023 - Mar 2025

Remote

- Completed structured training in frontend and backend web development and created approximately 30 non-commercial websites and applications.
- Practised HTML, CSS, JavaScript, React, Redux, Node.js, MongoDB, Postman, Figma, Bootstrap, GSAP, and related web development tools.
- Built responsive interfaces, interactive components, forms, API-connected features, and full stack learning projects.

Freelance QA Tester | BugFinders May 2019 - Aug 2019

Remote

- Participated in functional testing of real projects and documented defects in clear bug reports.

QA Manual Engineer Training Program | Hillel IT School May 2019 - Aug 2019

Kyiv, Ukraine

- Prepared test cases, test plans, checklists, and traceability matrices; practised requirements and documentation testing, Jira bug tracking, and regression testing.

ADDITIONAL PROFESSIONAL EXPERIENCE

Procurement, Logistics, Warehouse Operations & Transportation | Ukraine and Poland | 2006 - Present

- Built a long-term record of reliability, customer service, route planning, inventory handling, supplier coordination, documentation, and independent B2B operations.
- Transferable strengths include process discipline, problem solving, communication, prioritisation, accountability, and working under time pressure.

EDUCATION

Master's Degree in Business Administration | International 2003 - 2008

European University, Ukraine

Bachelor of Laws (LLB), Criminal and Civil Law | International 2003 - 2007

European University, Ukraine

CERTIFICATIONS

Full Stack Web Development (React, Redux, Node.js) - CanSheCode, 2025 | React & Redux - CanSheCode, 2024 | Front-End Web Development - CanSheCode, 2023

QA Manual - Hillel IT School, 2019 | English B1+ (Intermediate) - Cambridge.ua, 2026 | English B1 (Pre-Intermediate) - Cambridge.ua, 2025
